DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 10-23, previously withdrawn from consideration for being drawn towards a non-elected invention, have been cancelled.

Allowable Subject Matter

2. Claims 1, 4 thru 9, 24 thru 30 are allowed.
3. The following is an examiner's statement of reasons for allowance: The references of record, either singularly or in combination, do not teach or suggest at least "A liquid crystal display, comprising: a second orientation film, a color filter comprising red, green, and blue regions wherein first, second, and third thicknesses of the second orientation film corresponding to the blue, green and red regions are each different" (claims 1, 4-9, and 27).

Regarding claims 24 and 28, the references of record, either singularly or in combination, do not teach or suggest at least "A liquid crystal display, comprising: a second orientation film, a color filter including red, green, and blue; wherein a first thickness of the second orientation film corresponding to the blue color filter is larger than a second thickness of the second orientation film corresponding to the green color filter."

Art Unit: 2815

Regarding claims 25 and 29, the references of record, either singularly or in combination, do not teach or suggest at least “A liquid crystal display, comprising: a second orientation film, a color filter including red, green, and blue; wherein a second thickness of the second orientation film corresponding to the green color filter is larger than a third thickness of the second orientation film corresponding to the red color filter.”

Regarding claims 26 and 30, the references of record, either singularly or in combination, do not teach or suggest at least “A liquid crystal display, comprising: a second orientation film, a color filter including red, green, and blue; wherein a first thickness of the second orientation film corresponding to the blue color filter is larger than a second thickness of the second orientation film corresponding to the green color filter and a third thickness of the second orientation film corresponding to the red color filter.”

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
